

AICTE Sponsored Quality Improvement Program

On

Recent trends in Drug-Product Development, Phytopharmaceuticals and Analytical Techniques

15-27 Feb 2016

Organized by:

Department of Pharmaceutics, Pharmacognosy and Pharmaceutical Quality Assurance
Manipal College of Pharmaceutical Sciences, Manipal University, Manipal – 576104, Karnataka

The Institute

Manipal College of Pharmaceutical Sciences, a constituent college of Manipal University, Manipal was established in 1963. The college celebrated its Golden Jubilee during the year 2012-13 by conducting conferences, workshops and seminars spanning the whole year. It offers graduate, postgraduate and doctoral programs. The National Board of Accreditation, AICTE has accredited the college as “A” grade and the college is ISO 9001:2008 and ISO14001:2004 certified. AICTE has identified this institution as a center for Quality Improvement Program (QIP). College is organizing QIP regularly for the benefit of pharmacy teachers.

The college has many research projects funded by various industries and government funding agencies. It boasts of a centralized state-of-art library, research center, medicinal plants garden, pharmacognosy museum and central animal house.

The college is attached to one of the best teaching hospitals in this region – Kasturba Hospital along with a Contract Research Organisation – Ecron Acunova.

How to reach Manipal

Manipal is well connected by rail, road and air. Plenty of buses ply between Manipal and Udupi, as well as Manipal and Mangaluru. Manipal is also well connected by road with Bengaluru, Mysuru, Goa, Ernakulam and Mumbai. The nearest railway station at Udupi (3 km) is connected to Mangaluru, Goa, Mumbai and Delhi. The nearest airport is at Bajpe (60 km) near Mangaluru (1½ hours drive by road). Several daily flights connect Bajpe with most major cities in southern and western India.

About the Program

Two weeks program comprises of series of lectures by experts from Industries and academia along with demonstrations on sophisticated equipment. The programme will provide an overview of the newer trends in the pharmaceutical product design and development, drugs or drug like molecules from natural sources and their importance as well as the trend in pharmaceutical analysis. Potential developments have been observed in the three areas of research and education. Analytical techniques being most important part of any qualitative and quantitative research, needs a special attention. Therefore, the program will focus on various techniques and trends in the said area across the globe.

Eligibility

Pharmacy teaching faculty of AICTE approved institutions and research scholars under Quality Improvement Program.
